## STEHLY FARMS

Organic Valley Center Farm

Stehly Farms Organics is a small, family owned company that grows, packs, and distributes certified organic avocados, citrus and berries nationwide. Located in Valley Center, Stehly (pronounced Stay-lee) Farms Organics is owned and operated by brothers Jerome & Noel Stehly. Stehly Farms Organics harvests thousands of acres across northern San Diego County, including a 300-acre ranch which has been farmed by the Stehly family since their father purchased the land over 45 years ago. As third-generation California farmers, the Stehly brothers love farming and are proud to provide consumers with the best tasting organic produce available.
