

JIMBO'S
...Naturally!

ATTENTION CUSTOMERS!

Below is a voluntary recall issued by Henry Avocado Corporation on March 23rd:

ESCONDIDO, Calif.--(BUSINESS WIRE)--Henry Avocado Corporation is voluntarily recalling California-grown whole avocados sold in bulk at retail stores because they have the potential to be contaminated with *Listeria monocytogenes*. Henry Avocado is issuing this voluntary recall out of an abundance of caution due to positive test results on environmental samples taken during a routine government inspection at its California packing facility. There are no reported illnesses associated with this recall.

Customers can identify Henry Avocado organic products by the bar code on the stickers and containing "organic" and "California" on the sticker (see picture of the sticker).

Some of the recalled avocados may have been sold at each of our locations. Customers who have purchased any recalled avocados are urged not to consume them, but to discard them or return them for a full refund.

Customers with further questions may contact Henry Avocado at (760) 745-6632, ext. 132 or visit www.henryavocado.com/media.

Jimbo's...*Naturally!* is closely monitoring the situation, and will provide updates as we receive them.

Thank you,
Ryan Peterson, Produce Buyer/Supervisor
